## WHAT ARE GENERATION LINES ?

The Creator's heart is to bless us and to pass blessings down the generational line. The same principle applies to sin and curses as well.

As descendants of Adam, our generational inheritance brings with it BOTH blessings and curses.

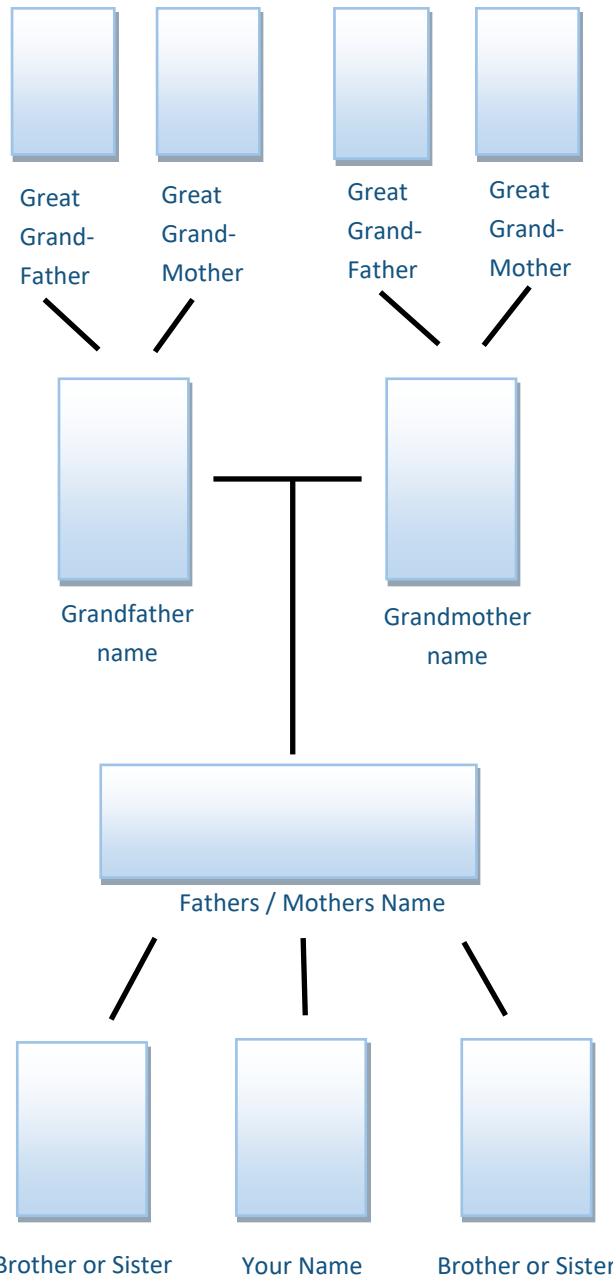

Those in your **generational line** are those who have been given spiritual authority to act as a legal guardian over us, biological parents, step-parent, adoptive parent, foster parent, legal guardian

We cannot use generational weaknesses or tendencies to blame our ancestors for their actions and not take our own responsibility for our actions.

## FAMILY TREE

Write in each box any known family characteristics that would reveal a pattern of curses being passed down the generational line. Do one for Mother and Fathers line

## SOLUTIONS TO THE GENERATIONAL INIQUITY ISSUE

The Creator released into your mother's and father's family line, Godly gifts,, abilities, talents such as creativity, hospitality, skill ful hands, organizational skills, teaching skills and much more....

Do you see some of these gifts in your life?

The way to break the ties that hold you to the unhealthy and often destructive generational iniquities is to

1. Confess those things you see are operating in your life.
2. Renounce your own actions that are a result of these iniquities that have affected your life and the lives of those you are surrounded by.
3. Lift generational tendencies off your children through the Godly Line!
3. Release generational blessings over your family by thanking the Creator for the blessings of (name those blessings over each of your family members; children)
